DISCUSSION:

#3444 (Stuckhardt) - The application for a new gate was initially denied at the September 19, 2023, ARC meeting, as committee members believed it did not meet approved aesthetic guidelines for the Eastview community. The homeowner submitted a new design which was ultimately approved by ARC.

Members briefly discussed the Eastview gate requirements and their limitations as outlined under Section M of the *Eastview Rules & Directory*. The guidelines will be further reviewed at a later date.

The meeting was adjourned at 4:30 p.m.
