The meeting was called to order at 4:00 pm

APPLICATIONS REVIEWED

#2906 Patio II Ahlguist 18143 Colonnades Pl. New patio cover Tabled

DISCUSSION:

Application #2906: The architect's rendering of the new patio cover did not specify the structure's position in relation to the three-foot easement. The rendering must be amended to illustrate that the structure will not impede any portion of the easement area. The application was tabled until designs are re-submitted.

Steve Lupton, newly elected Duplex President, attended the meeting to clarify that Application #2903 is currently being reviewed by the Duplex Board. He will advise ARC of the Board's decision.

The meeting was adjourned at 4:55 pm
