- B. A motion was duly made by Helen Beaumont and seconded by Ron Filson to approve the minutes from the Special Board meeting of 10/22/14 as written. Motion carried. The purpose of the meeting was to approve the 2015 budget.

MEMBER PARTICIPATION

- A. **Disciplinary Hearings for 17671 and 17775 Devereux** – The owners complied and were not in attendance.
- B. **ARC Report** – Ron Filson reported that ARC did not meet this month since they did not have any applications. However, two applications have since come in: 17775 Devereux for replacement windows (approved and installed); and 12009 Tretagnier – re-stain front door and sliding screen door (approved).

COMMITTEE REPORTS:

A. **Landscape** – Ron Filson

- **Contractor Report/Punch List Items** – The rules for the irrigation schedule were distributed to the Board. The irrigation is on Monday, Wednesday, and Friday for 7 minutes per station. The walk through notes for November were reviewed. The new MP rotator heads are doing well in using less water. They are looking at installing more of these heads on the same meter to get a better idea of the savings. We get rebates for the heads as we purchase them. Pro-Scape is still looking at installing check valves on Tretagnier to eliminate the water run-off. The overseeding with the Rye grass has begun, but we are having a problem with the crows eating it. Pro-Scape is using a mulch to cover the new seed. The lawns should look good by Thanksgiving. The slopes will be fertilized next week, followed by the lawns in a couple of weeks.
- It is time for the annual backflow inspections. Mr. Filson has called the contractor and they will begin the work for testing. A motion was made by Ron Filson and seconded by Greg Kritzer to approve up to \$700 (\$50 per backflow) for testing. Motion carried.
- The Board may look at suspending the tree trimming on the back slopes for the next year to save money. The arborist advised the Board that the trees do not have to be trimmed as often as we have been trimming them. Discussion.
- Two landscape requests for tree removals were received for: 12009 and 12025 Tretagnier. The Board needs to look at the trees in question and discuss at the next meeting.

Committee Reports (continued)

- The nut grass was sprayed in the lawns and it was very successful. They typically recommend doing 2 applications in succession. Discussion. The Board wants to wait on further treatment at this time. It is possible that Pro-Scape can purchase the chemicals to do spot treatments as needed. They would need to notify residents in advance when the spraying occurs.
- **Rabbit Removal** – So far the problem seems to have diminished.
- **Water Report** – The water report was distributed and reviewed. Water use is about the same as last year, but the cost of water is about 13% higher.

B. Finance – Cathy Hughes

- **Financial Statement (10/31/14)** – The financial statement ending 10/31/14 was reviewed and approved. We are over budget on operating expenses year-to-date by \$22,894. This is mostly due to water which is \$24,503 over budget to date.
- **Delinquent Accounts** – There are no delinquent accounts for more than 60 days.
- **Audit Proposal** – We have received a proposal from the CPA firm of A.M. Owens & Co. to do the annual audit and tax preparation work for a fee of \$1400. Discussion. This is the same firm that has done the work for many years. The rate last year was \$1350. A motion was duly made by Helen Beaumont and seconded by Greg Kritzer to approve the audit proposal for \$1400. Motion carried.
